## Welcome to this new website

Welcome to the new Middlesex Hospital Alliance web site! We hope that you will find all that you need here - from career opportunities to clinical services to visitor directions and news about new programs.

Middlesex Hospital Alliance is a unique healthcare provider. With two sites, we serve a rural population in southwestern Ontario with patient-driven family-centred care.

We are considered "small" in the world of health care but not in the hearts of our supporters. We try to look at our "small-ness" as an advantage, for example, many of our doctors, nurses, patients are also friends and neighbours too. And, administratively, being small makes use nimble and better able to positively engage change. For example, we continue to seek out new technologies that improve the delivery of health care service to our population.

All our staff, and especially including physicians, nurses, medical technologists are proud that the MHA is an organization of excellence. We make ongoing investments in our people and our technology to continue to provide quality care in our community.

Please contact me directly if you have any questions or concerns about the Middlesex Hospital Alliance.

Sincerely,
